

06/07/2010**The "Keep K2 Clean" Campaign**

"Keep K2 Clean", an expedition to clean the K2, has been organized by the Italian Committee EvK2Cnr to start on 11 July 2010 from Skardu which is the principal town of the region Baltistan, gateway for several peaks. The expedition will stay there until mid August. Another expedition, also organized by the Committee EvK2Cnr, left to clean the Karakorum glacier on the Baltoro Mountain last 10 May. Maurizio Gallo, the Committee's technical consultant for Pakistan, stressed not only the environmental but also the educational value of these expeditions.
