

25 May

- **International Conference: "Mountains: energy, water and food for life. The SHARE project: understanding the impacts of climate change"**

The Ev-K2-CNR Committee is an autonomous, non-profit association, which promotes scientific and technological research in mountain areas. Particular emphasis is placed on the Hindu Kush – Karakorum – Himalaya region and on work in the countries of Nepal, Pakistan, China (Tibetan Autonomous Region) and India. Ev-K2-CNR is best represented by its Pyramid Laboratory/Observatory located at 5,050 meters a.s.l. in Nepal at the base of Mount Everest. Ev-K2-CNR research has traditionally focused on the fields of Earth Sciences, Environmental Sciences, Medicine and Physiology, Anthropology, and development of new technologies. Today, Ev-K2-CNR's work is mainly organized via broad-scale integrated multi-disciplinary programs aimed at helping resolve urgent environmental and development issues.
